

# “Bee” a Hero for National Donate Life Month!

Every April, National Donate Life Month provides an opportunity to encourage everyone to sign up as organ, tissue and eye donors, as well as honor those who have saved and healed the lives of others through the gift of donation.

**[DonateLifeIndiana.org/NDLM](https://DonateLifeIndiana.org/NDLM)**.

*Indiana*

The page is framed by a decorative border featuring two bees with black and yellow stripes and light blue wings. The bees are positioned in the top-left, top-right, and bottom-right corners. Interspersed among the bees are various colorful flowers in shades of orange, purple, and light blue, along with green leaves. The background is white with a faint pattern of blue hexagons.

## Did you know?

Nationwide, more than 100,000 people are on the waitlist for a lifesaving organ transplant.

More than 1,000 of those waiting are Hoosiers.

Every nine minutes, another person is added to the national transplant waiting list.
